Hosiden Corporation

Company Presentation

2013/12

Hosiden Group up to date

Overseas Sales & Marketing

63 years history as component manufacturer

Founded September 14th, 1950

8,968 employees in 11 countries, 17 factories

Headquarter 755 employees

17 Factories

(7 in Japan, 9 in Asia, 1 in Europe)

Net Sales: Yen 230.8 billion in FY2012 (US\$ 2.57billion)

- Hosiden Fiscal year of 2012: April 1st 2012 thru. March 31st 2013
- Hosiden Fiscal year of 2013 : April 1st 2013 thru. March 31st 2014 Sales plan of FY2013: Yen245 billion(US\$2.45)

*Exc rate= JPY100/US\$

A Corporate History of Strong Achievement

Overseas Sales & Marketing

Mechanical components since 1947 !!!

Acoustic components since 1960!!

LCD modules since 1972!

Sales Figures

Breakdown Sales by Products (Consolidated, In MJPY)

	Electro-mechanical	Acoustic	LCD	Applied and others	Total
FY2011	140,805	15,070	10,929	6,132	172,936
FY2012	202,177	13,332	8,279	7,095	230,883
FY2013	218,600	13,440	7,200	5,760	245,000

- <Features>
- >SW for door-locking at door handle area
- **➤** Water-proof by potting
- **➤ Tube, Coupler, Terminal, Harness assembly product**
- >DC5V,8.9mA / Stroke: 0.8mm
- ➤ Force: 3.7N / Life Cycle: 50,000 times
- **➢Outline size: 21mmX62mmX57mm**
- **≻Adopted for Mitsubishi RVR /Mass production**

Custom

Wireless Power Charger (1)

Overseas Sales & Marketing

As a member of WPC (Wireless Power Consortium) Hosiden offers "Qi" conformed charger module

Power Transmission Efficiency

Point ① : 70% (5V/1A burden)

Point ② : 65%(5V/1A burden) Point ③ : 70%(5V/1A burden)

Wireless Power Charger (2)

Overseas Sales & Marketing

Automotive Application Module Development

Developing charger (Tx) for automotive Installation in center console and glove box

EV charger Plug Assy

Overseas Sales & Marketing

* Photos: image only

Electric Vehicle Charger Plug & Cable Ass'y start supplying in 2012 for the specific EV project in Japan.

- Type-1 EV Charger Plug
- Power Plug to the Home Power-Source
- Voltage Control Box (with minimized size by Optimized Regulator)

Thank you so much!!
